No. 18-110450-A

Call for Tenders with a view to establish a tasking contract for the provision of Architecture support for EATMA.

The European Organisation for the Safety of Air Navigation (EUROCONTROL) was founded in 1960 by six States. It now has 41 Member States. EUROCONTROL's mission is to harmonise and integrate air navigation services in Europe, aiming at the creation of a uniform air traffic management (ATM) system for civil and military Users, in order to achieve the safe, secure, orderly, expeditious and economic flow of traffic throughout Europe, while minimising adverse environmental impact.

The MPA unit maintains the framework of the European ATM Master Plan and the European ATM Architecture (EATMA) and provides facilitation and support to the European ATM stakeholders in their regular collaborative update of both Architecture and Master Plan as common references for research, development and deployment activities.

The present call for tender is issued in the context of EUROCONTROL's activities providing Architecture support for EATMA.

This activity will aim to support, adapt and update the European ATM Architecture framework from what is used for SESAR2020. It will focus on architecture rules updates, meta-models maintenance, steering and development of architecting principles, architecting development and change management processes and practices to fit for the need and purpose of Architecture as a Service.

Who should tender: Companies with a proven expertise required performing the tasks of the Contract at any time.

Closing date: Wednesday, 22 August 2018 at 3.00 p.m. (Local (Brussels) Time)
