No. 18-110819-A

Call for Tenders with a view to establish a service contract for the provision of Airline Association Global Safety Data.

The European Organisation for the Safety of Air Navigation (EUROCONTROL) was founded in 1960 by six States. It now has 41 Member States. EUROCONTROL's mission is to harmonise and integrate air navigation services in Europe, aiming at the creation of a uniform air traffic management (ATM) system for civil and military Users, in order to achieve the safe, secure, orderly, expeditious and economic flow of traffic throughout Europe, while minimising adverse environmental impact.

The strategic objective of the Network Management Safety Unit is to coordinate safety management improvements at network level, supporting ANSPs and AOs (and FABs) to manage existing hazards and anticipate new safety threats, in order to keep the network safe and capable of increasing its capacity and efficiency in line with customer expectations and established performance targets.

EVAIR as a part of the DNM Safety Unit complements to safety threats identification through the voluntary data/information collection, analysis, enabling contacts between AOs and ANSPs Safety managers and support of different projects. EVAIR findings have been based on the collected data mainly from AOs and ANSPs and deposited in the EVAIR data.

Following the EUROCONTROL partnership strategy, EVAIR has been traditionally orientated towards the main stakeholders ANSPs and AOs. The energy has been directed towards the satisfaction of their requirements related to the identification of safety concerns through the incident data collection and closure of incidents opened within their Safety Management Systems (SMS).

The purpose of this Call for Tender is to let a contract with a service provider of Airline Association Global Safety Data.

Who should tender: Companies with a proven expertise required, providing the service for this Contract.
